JOSIAH TURNER, Jr., EDITOR.

KISSING THE BABY.

In one of the street-cars of the metropolis a few evenings since was a lady with a baby.

One of the blue-eyed, crowing, happy babies, disarranging its white robes and rampling its blue ribbons with all the abandon of a baby that is secure in ever fresh supplies of love and clothes. The mother was evidently a stranger to the other ladies in the car, yet all of them smiled when they looked in her direction, and many of them spoke to her and seemed to love her for the sake of the beautiful child.

The opening instinct of womanhood seems to be the love of babies, and the girl must be a very little one that does not want a doll to which she can play the sweet part of mother. The depth and purpose of the instinct is revealed to us in the little miss of five years, who happened to be an only child—"Mamma, I want a baby to play with, a meat baby, mama."

No kinder blessing was ever bestowed than in Fanny Fern's letter to the newly married Princess Royal of England:—"And when, brightest of all others, the crown of maternity shall descend upon your youthful brow, God grant you that nicest of all earthly places on earth to cry in, a mother's bosom!"

Yet, while the instinct of maternity is peculiar to woman, and marks sex more plainly than rounded limbs and gentle manners, it is not to woman and girls alone that the love of babies is confined.

It was once the lot of the writer to dwell in the white tents of Camp Harrison, in Georgia, in the lower part of the State where families are far and few between, and much more so in war times. For long weeks we had not seen a woman or a child.

At last the railroad through the camp was repaired, and in the first train there was a lady, with just such a wide-awake, kicking baby as the latter one of the metropolis. Some hundreds of rough soldiers were around the cars, and Captain Story, of the 57th Infantry, was the biggest and roughest among them, if we judge the tree by the bark.

The lady with the baby in her arms was looking from a window, and he took off his hat and said, "Madam, I will give you five dollars, if you will let me kiss that baby." One look at his bearded face told her that there was nothing bad in it, and saying, with a pleased laugh, "I do not charge anything for kissing my baby," it was handed over. The little one was not afraid, and the bushy whiskers, an eighth of an ell long were just the play house it had been looking for.

More than one kiss did the captain get from the little red lips, and there was energy in the hug of the little round arms. Then other voices said, "Pass him over here, Cap!" and, before the train was ready to move a half of a hundred men had kissed the baby. It was on its best behavior, and crowed, and kicked, and tugged at whiskers, as only a happy baby can. It was an event of the campaign; and one giant of a mountaineer, who strode past us with a tread like a mammoth but with tear dimmed eyes and quivering lip, said, "By George it makes me feel and act like a fool; but I've got one just like it at home."

Other lands have owned the power of this young immortality, and the Hindoo hails the little stranger with the words, "Young child, as thou hast entered the world in tears when all around thee smiled, so live as to leave the world in smiles while all around the weep."

LITERATURE AND LONGEVITY.

It used to be, and is still, with a certain class of aspiring young men, a fixed opinion that genius is consumptive and dies young. With this idea, pale checks were much desired—a marble brow, and a general appearance of pallor and fatigue, as if the intellect was too much for the body. An examination which I have just made into the duration of human life among men of letters will, perhaps, help to dispel any lingering remains of this belief. I believe they live longer than any other class of men Judges, it is true, live long; but they are picked men, and advanced in life when they become judges. Of Bishops the same remark may be made. And perhaps, also, of eminent physicians. I have made three groups of English writers of the last three centuries; the first class of poets; the second of historians, novelists, and essayists the third of theologians and philosophers. The last class, as was to be expected from their quiet and regular habits, live longest Their average expectation of life is close upon 70 years—the youngest on my list being Chillingworth, who died at 42, while Bishop Berkeley just reached the average, his pious and useful life being prolonged to 69 years. The second class may only look for 62 years; but they have had misfortunes Addison died at 47, Smollet at 54, Fielding at 47, Steele 53, Hugh Miller at 51; Strype however, was cut off, not very prematurely at 94, while Walton died at 90, Stow at 80 Jeffrey at 77, and Bishop Burnet at 72. But let no man take to poetry—he can only look for a life of 59 springs.—Though here there is comfort: if he gets beyond the age of misfortune, say 37, even the poet may rub his hands. At the outset, however he must reflect on Kirke White, Chatterton, Marlowe Byron, Burns, Shelley, Otway, and Alexander Smith who all died before 37. Afterward he may comfort himself with the examples of Wordsworth, Waller, Young, Herrick, Bowles and Montgomery, who all achieved 80, and with a goodly list of bards who have been tuneful after 70. In fact the few figures which I have put together go far to prove what I had always suspected, that a life of letters is, if not always lucrative, generally conducive to long life. A profession which gives such averages of life as 59, 62 and 60, must surely be one in which the mind and body work pretty well together. Let me, however, be considered as as comforting the actual world of literary men, rather than as encouraging aspirants Let these think rather of the awful examples of wasted midnight oil, genius unappreciated by editors and publishers, and early graves.—*Once a Week.*

BOYS USING TOBACCO.—A strong and sensible writer says a good hard thing, and a true one, too, for boys who use tobacco: "It has utterly ruined thousands of boys. It tends to the softening and weakening of the bones, and it greatly injures the brain and spinal marrow and the whole nervous fluid. A boy who smokes early and frequently, or in any way uses large quantities of tobacco, is never known to make a man of much energy, and generally lacks muscular and physical, as well as mental power. We would particularly warn boys who want to be anything in the world, to shun tobacco, as a baneful poison.

Tobacco and Cigars.

HAVING PURCHASED THE STOCK AND fixtures of W. A. Mehegan, Tobacconist, I propose to continue it in its various departments at the old stand, and would be pleased to see the former patrons of Mr. Mehegan together with my friends and acquaintances and I promise to furnish them with the best smoke or chew that can be procured in the City.

I am agent for Mehegan's celebrated brand of the Banker's Segar which beat the world for cheapness and fine flavor and can be procured no where else in the State, than from myself. Mine is the only establishment in North Carolina that you can procure the celebrated brands of Gravely chewing tobacco. Being confined exclusively to the segar and tobacco business, enables me to offer more superior goods and at lower prices than can be had elsewhere in Raleigh, small dealers will find it to their interest to call and examine my stock as I can beat the State in prices and in a line of goods suitable to the wants of their customers.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

TRUE, O, KING.

In an article on Ku Klux, in the *Standard* of Tuesday, the editor says, "Mr. Turner knows what he is talking about." We are not apt to speak without knowing. Our information with regard to the hanging of Outlaw, at Graham, was derived from a Republican of Alamance, who knew Outlaw. We asked him, especially, if Outlaw shot at the Ku Klux. We thought that might be a Ku Klux falsehood to justify the hanging. He said there was no doubt of it, for Outlaw had often boasted of it.—Outlaw was encouraged in his attempt at murder by the Governor's organ, the *Standard*. After the shooting of Horton in Chatham, by the negro leagues, the *Standard* called on them everywhere to imitate the leagues of Chatham, who shot Horton. We are satisfied that certain Democrats of Orange and Chatham, who have taken commissions under Holden, to aid him in executing the Shoffner bill in these two counties, will find out that they have committed an error. The people of Alamance advertised for a meeting without regard to party; before the day appointed for the meeting, Holden sends up troops, and the people abandoned all idea of the meeting, leaving the matter with the Governor and his soldiers.

We would say, let Shoffner be Captain of Holden's troops, for Alamance; Bill Huskey for Orange, and Long or Chicken Gunter for Chatham. These are the men upon whom the Governor has relied, both as magistrates and military officers; let him continue his reliance upon them. Troops can never put down secret societies any more than they can cholera or yellow fever.

Since the troops have been in Alamance Major Smith, of the *Standard*, brings intelligence of another hanging. We call upon the Ku Klux to cease their lawless course; good men can't justify it, and certain Radical leaders, we verily believe, are pleased at every league man that is hung, as making capital for the party in the next election.

The carpet baggers and their white livered allies of the South are calling for troops and a second reconstruction, as the election approaches; they relied upon the bayonet and the sword to carry the last election; without these two allies in the coming election they see their doom written upon the wall. Even Lassiter, who is as innocent as a kildee, has threatened to have us reconstructed. We heard of a Northern Methodist preacher in the Mountains exasperating school boys by that kind of talk.

Twelve months ago the leagues of Oxford assembled at night at the call of drum and fife. A year ago, we met league negroes in Judge Reade's county of Person, at sundown, flags flying and drums beating on their way to a night meeting. We knew then, as we see now, that it was all leading to trouble and blood.

We "know what we are talking about" when we say, Governor Holden, President of the League, with the commander of the Ku Klux, can, at their bidding, allay the strife and stop the struggle between these two secret societies, whose existence is always detrimental and dangerous to the peace and good order of society.

SCARCELY NECESSARY.

It is scarcely necessary to defend the Messrs. Moore, of Yancey and Chowan, or Senators Lindsay, Jones and Davis, from the malignant assaults of the SENTINEL.—By the way, has that question of veracity between Mr. Moore, of Chowan, and the editor of the SENTINEL ever been settled? If we recollect aright the statement of Mr. Moore was, that the editor had told a deliberate falsehood upon him, and it remains unnoticed to this day. Isn't that singular?—*Standard.*

We said Moore, of Yancey, was a deserter; we stated the fact without assailing him.

We copied from the *Standard* what Mr. Lindsay said about ostracizing Mrs. Vance and her children.

When we wrote the article, we did not know Mr. Lindsay had, in the Senate, denied the correctness of the report from which we copied. Now, it turns out that Senators Cook and Sweet contradicted Mr. Lindsay to his teeth, when he said he was falsely reported. We were sorry Mr. L. said what he did; we are glad he is ashamed of it. We had kindly feelings for him, because he has generally voted against his party and shown a disposition to expose their villainy.

As to Davis, we did not assail *him*, but we repeat, that two Senators have letters from his native town which speak disparagingly of him as a man and gentleman. He is no proper person to represent the people of North Carolina in the Senate, if he *is* a friend of the Governor, as is Estes, Littlefield and Dewesse.

As to how we settled with Moore of Chowan, that's a tale too often told; Moore fell down at us for mentioning his name in connection with that "d—d rascal, Sinclair," as he called the pious divine from Robeson; his brother, Augustus, interfered, throwing us back upon the steps and thereby preventing our shooting John Page's friend from Chowan. If Joseph is not satisfied, we will answer further by asking him a question or two: How did he settle, when Coleman, late Attorney General, threw "cuss words" and bawdy talk in his teeth at Thiem's bar room? How was it "settled," in Tucker's back yard, when the mecantile mauler made him say "quit Rufe!" Joseph ought to go to his Excellency, "Dad," and get him to repeat the old adage about "men living in glass houses and throwing stones."

To say anything more is "SCARCELY NECESSARY."

LETTER TO DR. YATES—PRIVATE AND CONFIDENTIAL.

SENTINEL OFFICE,
March, 1870.

MY DEAR DOCTOR:—When uncle Toby and Corporal Trim, assuming a friendly and confidential air, marched up within twenty paces of the widow Wadman's door, said uncle Toby, "Corporal, she can not take it amiss!" So I say, Doctor, you cannot take it amiss, if I should, in a private and confidential manner, reply to your public scandals and unprovoked attacks upon me, while I was in the mountains exposing the frauds and corruptions of Holden's administration. What you say of me, Doctor, is so wanting in truth that it is almost as bad, if not worse, than talking bawdy. You will remember, Doctor, when uncle Toby and the Corporal stood by the widow, the Corporal said, "an' please your Honor, there's nothing so awkward and ill-timed as courting a woman whilst she is making sausages." If anything, dear Doctor can be more ill-timed than courting a woman while making sausages, it is an Editor courting a personal controversy while, under the Governor's silence and inactivity, the people are plundered and oppressed, and one of the plunderers is sheltered and protected by the Legislature.

Holden, Littlefield, Swepson, carpet baggers and the "Ring" and the ruin they have wrought, should employ your pen, engage your thoughts, and fill your columns.

In your paper of March 1st you say, "We verily believe Squire Turner has been working in the interest of the Radicals, he lives in their midst, eats at the same table with them, and thrives by their patronage. Look at the patronage given the SENTINEL by Republican officials, and then say who is in favor with such persons. We make our money by hard work and are independent of favors of that sort." As evidence of our "working in the interest of Radicals" you charge that Governor Holden published his proclamation in the SENTINEL. I give you the benefit of the declaration, that it may be I am unintentionally working in the interest of the "Radicals," and I also give the proofs upon which you rely to sustain the false charge, that I am. I do not give them, to refute or deny them, but to let the public see how little you are to be relied upon. I do precious little printing for Governor Holden and his administration. I never sought his favor, friendship or patronage. I should not be surprised if the Charlotte *Democrat* had done more printing for the Governor's administration than all the Conservative papers of the State.

When our bloody Senator, not sneaking John, but carpet-bag Abbott, sent money by Blair of the Yarborough House to renew his subscription to the SENTINEL, I told Blair to tell him I hoped he got the worth of his money. As to sitting at the table with Radicals, I seldom do so; my table at Blair's is the "loyal" table; Captain Andrews, Captain Harrison, Maj. Petty, and others of like loyalty sit at it.

On one occasion, recently, I was seated at the same table with kildee Lassiter; that was accidental. I was first seated and he came in afterwards. When asked by the waiter what I would have, I told him, the hind leg of a fried kildee, but not so loud as the locater of the Penitentiary on Deep River could hear me, for that would have been bad table manners.

As to my begging Holden, and of Swepson's owning the SENTINEL, I must make that the subject of a special letter. In the meantime, I sign myself, as I am, yours against the Radical and the third party,

JOSIAH TURNER, JR.

A WONDERFUL STONE.—There is now in possession of a citizen of Haywood County, who is at present on a visit to this city, a most wonderful stone, commonly called the Mad Stone," the proper name of which however, is the Bezoar Stone and is found in a ruminant animal of Peru which lives on poison herbs. The word Bezoar according to Webster means the wind of poison, and this stone is regarded as an unfailing antidote to poison, and a certain remedy for eruptive pestilential or putrid diseases. The stone was shown to us yesterday by its owner, Jordan Hodgins. It is oval shaped weighs about two ounces, and is formed by a layer of shells one upon another. It was brought, we are informed from Peru about thirty-five years ago by a missionary to that country, and that there are only two other stones of the same kind in America.

It is certainly a very remarkable stone and is doubtless the genuine Bezoar.

The owner says that it has been applied in several instances to the bite of the rattlesnake, and has never failed to extract the poison and that its efficacy in a variety of diseases has been tested.

It is for sale, and if not disposed of by Mr. Hodgins during his stay in the city, he will leave it with his son John M. Hodgins who resides at Mt. Ally in Rowan County State—*Charlotte Observer.*

WAR INEVITABLE.—General Sheridan, in a letter to Senator Ross on Kansas politics, says: "General Schofield has reported to me that he considers a war inevitable, and with the very Indians we have been feeding for the last year. We are very much embarrassed by the apparent sympathy of members of Congress and humanitarians generally, who seem to forget that all we require of the Indians is that they shall not murder our people. There will be no Indians killed or injured by my orders if they will comply with this very reasonable condition."

Since the story has been told of how Judge Breckenridge married a girl whom he saw jump over the rail fence with a pail on her head, all the girls in Orange county, New York, are said to spend their time in watching the road, and whenever they see a carriage approaching with a man in it, they seize their pail and go for a fence.

HOUSE OF REPRESENTATIVES.

MONDAY, March 14, 1870.

NIGHT SESSION.

The House was called to order at 7½ o'clock.

Mr. Hodnett moved to suspend the rules and take up the Senate bill to incorporate the Yanceyville and Danville R. R. Co.—Carried.

Mr. H. then moved that the majority report of the Committee be concurred in. (The report recommends the striking out of the 18th Section of the bill which provides for the issuing of $100,000 bonds by the County of Caswell.)

Mr. Hodnett before he took his seat, very forcibly showed that the operations of the bill would be intolerably oppressive to the property holders of his County. Mr. H. also said during his remarks, that the gentleman from Person, (Barnett) just as soon as this should pass, would pounce upon them with another call for an appropriation of $200,000 for another Road in a different portion of the County. Gentlemen urged the passage of this bill on the ground that it is proposed to submit the proposition to the qualified votes of the County; now, the facts were these: There are 1,400 white voters and 2,100 colored, these 2,100 will vote for this and the other bill and will not pay $50 of the tax, while the 1,400 white will vote against both and have to pay all the tax.

After some debate the Majority Report was concurred in.

The bill being put to a vote failed to pass its second reading.

On motion of Mr. Stilley, the rules were suspended and the bill in relation to the public printing, was taken up. (The bill provides that Legislature shall elect a Public Printer every 4 years (a vacancy to be filled by the Governor) to do the public printing of every description, including the Supreme Court reports.)

Mr. Durham said that gentlemen of his side of the House had been allowed no time to examine the bill, therefore if Republicans persisted in attempting to force the bill through to-night, he should fight it with all the means in his power. He moved to postpone and make special order for Thursday next at 12 o'clock.

This motion being voted down, a long struggle ensued between the friends and foes of the bill, (party contest) consisting mainly in the use of parliamentary tactics, and the House finally adjourned without coming to a vote.

SENATE.

TUESDAY, March 15, 1870.

The Senate was called to order at 10 o'clock.

PETITIONS.

Mr. Love: presented a petition from certain citizens of Hendersonville protesting against the passage of the bill to extend the corporate limits of said town.—Referred.

Mr. Barnes: presented a petition from certain citizens of Joyners Depot, Wilson county, praying the General Assembly to incorporate said town. Referred.

PUBLIC PRINTING.

Mr. Welker from the Committee appointed to receive bids for the Public Printing and to submit the same to the General Assembly, made the following report of bids, to-wit:

Mr. Lewis Hanes, of Salisbury, proposed to print and bind on strong paper 5,000 copies of the Laws, of 300 pages each for $1,750, should the work contain more or less pages, or more or less copies be required, the work then to be done in a just proportion made on the above price, as a basis.

Mr. J. A. Armstrong of Raleigh, proposed to bind the Laws, Journals and Documents, in law sheep, at 50 cents per copy.—To fold, stitch, trim and cover pamphlet laws of the size of those of 1868-'69, at $15 per hundred and in proportion for smaller pamphlets.

Messrs. Nichols & Gorman proposed to print the Legislative work and the Journals of both Houses at the following rates, to wit:

Composition 62½ cents per 1000 m's; Press work 62½ cents per token and the Laws and Resolutions with marginal notes, as last session, for composition 62½ cents per 1000 m's, and for press work 50 cents per token, all of said work to be executed as it has been done heretofore this session, same size pages in small pica leaded type.

Department work to be executed in the best style at 37½ per cent lower than the same work has been done in the last twelve months.

Mr. Armstrong and Messrs. Nichols and Gorman propose to give an approved bond, to any amount required. A bid from the *Standard* office was also put in but *withdrawn* before the late change of firm.

Mr. Martindale, moved to postpone the consideration of the report until Tuesday next, subsequently withdrew it.

Mr. Robbins moved to recommit the report with instructions.

Mr. Hayes moved to lay the report on the table, to be taken up and considered when the bill relating to this subject is transmitted from the House, which prevailed.

On motion of Mr. Lassiter the rules were suspended and the bill to aid in the construction of the Valley Railroad through the counties of Granville, Person, and Caswell, was taken up.

The 1st section of this bill authorizes the Commissioners of Granville and Caswell to make a subscription for the construction of said road upon the terms provided in the charter of two hundred thousand dollars each, and the Commissioners of Person county are authorized to make a subscription of one hundred thousand dollars for the same.

2nd. The subscription thus provided for shall be submitted to the voters of each county.

3rd. That to meet the subscription authorized by the 1st section of this bill, the county Commissioners of Granville and Caswell are authorized and directed to levy *each year* on all the taxable property in said counties, a special tax sufficient to raise in *each county, fifty thousand dollars* and the Commissioners of Person county to levy *each year*, a special tax sufficient to raise *twenty-five thousand dollars* until the amount of subscription is paid.

Mr. Lindsay said he could not see any propriety or justness in taxing the people of Caswell so much heavier than those of Person who are to receive the most benefit from the Road, besides it was well known that a large majority of the voters of Caswell, are non-tax paying people, he thought the bill should be amended, and moved to strike out the clause authorizing the Commissioners of Caswell to levy a special tax of "fifty thousand dollars a year," and insert "twenty five thousand" so as to make it the same as that levied upon the tax payers of Person.

Mr. Graham spoke in opposition to the bill.

Messrs. Winstead, Stephens, Brogden, Lassiter and A. H. Galloway col. urged the passage of the bill, and opposed the amendment.

Mr. Whiteside called the previous question which was sustained.

The amendment was voted down and the bill passed its second reading.

On motion of Mr. Martindale the rules were suspended and the bill amendatory of an act to organize the militia of North Carolina ratified the 19th day of August 1868, was taken up.

On motion of Mr. Sweet it was amended so as to exempt "firemen" in certain cases.

Mr. Jones of Wake moved to amend the bill by striking out the clause exempting a citizen from military duty on the payment of $2 annually.

Mr. Martindale called the previous question, which was sustained.

The amendment was adopted and the bill was voted down, by the following vote:

YEAS—Messrs. Burns, Blythe, Cook, Eppes (col.) Galloway (col.) Hayes, Hyman (col.) Jones of Columbus, Jones of Wake, Lassiter, Long, Martindale, Shoffner, Smith, Stephens, Sweet and Winstead—17.

NAYS.—Messrs. Barnes, Beall, Bensley, Beeman, Flythe, Graham, Harrington, Jones of Mecklenburg, Lindsay, Love, Mason, Melchor, Murphy, Robbins, Welker, White, Whiteside and Wilson—18.

Mr. Shoffner and A. H. Galloway (col.) changed their votes to the negative.

BILLS INTRODUCED.

By Mr. Barnes: Bill to incorporate the town of Joyners, Wilson county. Referred.

By Mr. Cook: Bill (from the Code Commission) entitled Procedure in Criminal Actions, covering 134 pages.

Mr. Cook moved that the reading of the bill be dispensed with, with the exception of the title.

Mr. Love insisted on the entire bill being read.

Mr. Graham moved that it be rejected without reading.

The Chair (Mr. Brogden) decided the motion out of order.

On motion the Senate adjourned until this evening at 7½ o'clock.

HOUSE OF REPRESENTATIVES.

MONDAY, March 15, 1870.

The House was called to order at the usual hour.

On motion of Mr. Sinclair, the roll was called and 68 members responded to their names.

SPECIAL ORDER.

Bill to be entitled "an act concerning an election and registration in the year 1870.

In Section 1, which provides for the election of a Sheriff and Coroner, and other officers, Mr. Vest moved to strike out Sheriff and Coroner.

The yeas and nays were called and the motion was rejected by a vote of yeas 8, nays 73.

The following gentlemen voting in the affirmative: Messrs. Carson, Dixon, Downing, McCanless, Proctor, Stilley, Sinclair and Vest.

Mr. Dixon moved to strike out in same section all after line 6. (This amendment does away with an election for county officers.)

The yeas and nays being called and the motion was rejected by a vote of yeas 4, nays 73. The following gentlemen voted in the affirmative, Messrs. Dixon, McCanless, Sinclair and Vest.

The section was then adopted.

SECTION 15, provides as follows:

"When the election shall be finished, the Registrar and Judges of election, in the presence of such of the electors as may choose to attend, shall open the boxes, one after another, and number the ballots of one box before they shall open another, at the same time reading aloud the names of the persons who shall appear on each ticket, and if there shall be two tickets rolled up together, or any ticket shall contain the name of more persons than said elector has a right to vote for, in either of these cases such ticket shall not be numbered in taking the ballots, but shall be void."

Mr. Proctor moved to strike out all that portion which throws out two or more tickets rolled up together. Lost.

SECTION 16, provides as follows:

"Returns from all the precincts shall be made by noon, Saturday ensuing the day of election, to the county commissioners, who shall diligently compare the same, and proclaim the result thereof at the court house so far as county officers, including members of the General Assembly, are concerned, at noon of Saturday succeeding the day of election; *Provided*, That the county of Carteret shall be allowed until the first Tuesday after the day of election to make her returns."

Mr. Sinclair moved to amend by inserting in lieu 5 after the word "officers" the words "But the result of such election in the case of members of the General Assembly shall be made by the Governor by Proclamation, and all returns of elections for members of the General Assembly shall be made to the Governor and Council of State within 30 days after the date of said election. Lost.

Mr. Jarvis offered a substitute which in substance provides, that the County Commissioners shall compare the polls and in the case of a tie vote shall declare who is the person elected.

After some little debate the substitute was adopted.

After various amendments to other sections and the addition of other sections, the bill passed its second reading by a vote of yeas 83, nays 0.

On motion of Mr. Jarvis, the bill was ordered to be printed and made special order for to-morrow evening at half past seven o'clock.

By Mr. Downing: A bill in favor of the Sheriff of Union county. Lies over.

By Harris, of Wake, col.: A bill concerning the townships in the counties of Wake and Pitt. Lies over.

By the same: A couple of resolutions in favor of M. A. Bledsoe and D. H. Courts, respectively. Lies over.

By G. W. Price, col.: A bill to exempt members of organized Fire Companies in the city of Wilmington from Coroner's inquest and Jury duty. Lies over.

By the same: A bill to amend the act establishing a special Court in the cities of Wilmington and Newbern. Lies over.

On motion of Mr. Stilley, the rules were suspended and the bill allowing the Board of Education to sell certain lands in the counties of Hyde, Tyrrell, Beaufort and Washington, for $30,000, was taken up.

Mr. Stilley explained the bill and advocated its passage.

Mr. Downing opposed it on the ground that the price was inadequate to the quantity of land asked for.

After a lengthy debate, on motion of Mr. Downing, the bill was ordered to be printed and made special order for to morrow at 11 o'clock.

A communication was received from the Governor and Superintendent of Public Works in regard to public works and bonds recently issued in compliance with an "act to restore the credit of the State and facilitate the construction of our unfinished Railroads."

On motion of Mr Ames, the communication was sent to the Senate with a proposition to print.

On motion the House then adjourned

For the Sentinel.

LEXINGTON, N. C., March 14.

Editor of Daily Sentinel:—I suppose it is something unusual for you to receive a communication from this hot bed of Radicalism, but from recent circumstances that have somewhat disturbed the quietude of our little village, this would not be written. The circumstances, alluded to above, is the destruction, by fire, of the barns, stables, &c., belonging to the old Mabry Hotel, now occupied by W. M. Earnhardt, and to be brief as possible and not occupy too much space in your valuable paper, I would here state that Mr. Earnhardt is a strong advocate of law and order, and has never taken any pains to conceal his utter abhorence for the present administration, and, especially, of Holden, Auditor Adams, Union Leagues, &c., in other words, he is a good Conservative, and this, we all fear, is the cause of the calamity.

On Friday night, the 11th inst., at about 11 o'clock, the alarm of fire was given, and soon the dread cry of *fire! fire!* resounded through our quiet village. We all hurried to the scene to render what assistance we could, but, alas! it was too late, the barn and stables, belonging to the Hotel, were enveloped in flame.

We managed, by great exertion, to save the Hotel and property adjacent.

Mr. Earnhardt's loss is very heavy, and, I suppose, will reach some six hundred ($600) dollars, exclusive of the buildings.

There was a very fine horse consumed, also a fine two-horse carriage, buggy, straw cutter, and other articles of value, reaching the above amount. After the fire had subsided and men began to compare notes and speculate as to how the fire originated, a negro woman, servant at the Hotel, revealed the fact, that in passing the stables and barn a few minutes before the alarm was given, she met a negro by the name of David Adams, (living with Auditor Adams) and she says, upon oath, that when she discovered him he seemed to be concealed by the corner of the barn, but on discovering her he came meeting her, walking very slowly, and that he certainly tried to conceal his voice in speaking to her.

There were other witnesses testified that he was seen lurking about the premises in a suspicious manner before the fire, he is evidently guilty of arson and should be punished accordingly.

The accused was arrested on Saturday morning, some six miles from the village, where he had fled sometime before day, after the fire was over; his guilty conscience evidently conjuring up imaginary officers of justice in pursuit of him. The investigation took place Saturday before Justice Whirlon, who committed the prisoner to the county jail in default of bail. But Auditor Adams is here to-day, and he and his Union League brethren are moving Heaven and earth to have him released.

"Contingency" Adams says there was not evidence enough against his favorite boy David to commit a dog to jail. I have no doubt they will defeat the ends of justice and turn this barn burner loose upon us.—Tell the President of the Leagues that one of his brethren is in trouble and that Auditor Adams is not in jail but his *valet de chambre*, is and that he must send his militia at once. *No ku klux* here! never had any! but it is said by some one that self-protection is the first law of nature and men should be careful not to raise a tempest, as it is sometimes difficult to allay.—The accused, David Adams, it is presumed, is the tool in the hands of others. The county that has sent out as much talent as this has, should be free from barn burners, as we have sent off Auditor Adams, the man of *contingencies*; Windy Billy Henderson, the man that did'nt steal Dan's mule, and George Kinney, the man that makes laws and mills, these men will be held accountable. I promise you that in the next election there will be a change for the better even in Radical Davidson.

Come up at May Court and speak to the people, as you have many warm friends here who would be glad to welcome you to our town.

THE LAST PERFORMANCE OF THE FLORIDA ROGUES.

We clip the following narrative of the last performance by the Radical government of Florida from the Floridian, of the 8th instant:

FORGERY OF A STATUTE!

The Forgery of a Statute!!! Yes, reader, the *Forgery* of a Statute. It may astonish *you*, though it does not us. You have heard of the forgery of notes, and bonds, and bank bills, and land warrants, and receipts, etc., but you have never conceived it possible that a statute could be forged. If any one wishes to satisfy his mind that a *statute can be forged*, we invite him to go to the office of the colored gentleman who fills the office of Secretary of State in Forida, and there he will see a *forged statute*—a forged act of the Florida Legislature. This forged act is entitled "an Act to authorize the Governor to ask for and receive the Agricultural Land Scrip from the United States." This *forged act of the Legislature* was regularly filed by the Governor in the office of the Secretary of State as law. It is regularly signed by the Governor, Lieut. Governor, Secretary of the Senate, Speaker and Clerk of the House, *and yet never was introduced, or read or vote on in either branch of the Legislature*, as is shown by the journals of both houses, and as every member of both houses would be obliged to swear if called into court. *It is a pure forgery.* It is in the hand writing of a Mr. Campbell, whom the Governor appointed to the important office of Harbor Master at Pensacola. Mr. Campbell says he wrote this forged act at the request of a Senator who rejoices in being State Senator and United States Marshal for Florida. This Senator had recently offended Gov. Reed by favoring his impeachment and it was necessary to assist Reed in regard to this statute in order to keep Reed from having him removed from the office of Marshal. This forged act authorises Gov. Reed to "ask for and receive from the government of the United States the Agricultural Land Scrip to which this State may be entitled under and by virtue of the act of Congress of July 2d, 1862, providing for Agricultural Colleges in the several States."

This Land Scrip is thought to be judiciously invested, of the value of several hundred thousand dollars. What will become of it if Gov. Reed gets possession of it we cannot say, but judging from the fate of the thirty thousand dollars of State Bonds that he took to New York, and the sad fate of the $6,948.63 he received from Judge Westcott in currency, and the still sadder fate of the $1,140 he received in currency from the Florida Railroad Company, to say nothing of the *compound* twelve thousand five hundred dollar operation with Mr. Swepson, and the unparalleled forgery of the law under which he will receive this Land Scrip, if he receives it at all, we should say, Farewell Agricultural Land Scrip—farewell College! You have gone to that pocket from whose bourne no money has ever yet returned.

We do not know whether Gov. Reed will succeed in getting this Scrip or not. We know that he and the Senator who superintened the drawing up of the so called statute, and Lt. Governor Gleason and Mr. Speaker Stearns who signed it with Gov. Reed, are all now in Washington. But we know also that Mr. Chase, the Superintendent of Schools for this State, has gone on to try to head them off, being armed with the opinion of Attorney General Meek that said forged statute has not the force of law, and with the Journals and affidavits of members to show that said forged statute was never introduced, or read, or voted on much less passed by either branch of the Legislature. We trust that Mr. Chase may overhaul the Governor and his party before they have seized their prey.

A PROCLAMATION.

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT,
Raleigh, March 7, 1870.

By virtue of authority vested in me by the Constitution of the State, and by virtue of an act passed at the present session of the General Assembly, entitled "An act to secure the better protection of life and property," ratified the 29th day of January, 1870, and for the reason that the civil authorities of the county of Alamance are not able to protect the citizens of said county in the enjoyment of life and property, I hereby proclaim and declare that the county of Alamance is in a state of insurrection.

On the 26th of November 1869, a citizen of the United States, who was engaged in teaching a school in said county, was taken from his house by a band of men armed and disguised, and was, by them, cruelly beaten and scourged.

On the night of the 26th of February, 1870, a citizen of said county was taken from his house by a band of men, armed and disguised, and was, by them, hanged by the neck until he was dead on the Public Square in the town of Graham, near the Court House. And more recently the Postmaster at Company Shops, in said county, an officer of the Government of the United States, was compelled to flee the county for protection, and while absent, a band of men armed and disguised visited his house with the purpose, doubtless, of taking his life; and this within a short distance of Federal troops stationed in said county, not to overawe or intimidate good citizens, but to preserve the peace and to protect the innocent and the law-abiding. In addition to these cases, information has been received at this department that peaceable and law-abiding citizens of the county aforesaid have been molested in their houses, have been whipped, shot, scourged, and threatened with further visitations of violence and outrage unless they would conform to some arbitrary standard of conduct set up by these disguised assassins and murderers.

I have issued proclamation after proclamation to the people of the State, warning offenders and wicked or misguided violators of the law to cease their evil deeds and, by leading better lives, propitiate those whose duty it is to enforce the law. I have invoked public opinion to aid me in repressing these outrages and in preserving peace and order. I have waited to see if the people of Alamance would assemble in public meeting and express their condemnation of such conduct by a portion of the citizens of the county, but I have waited in vain. No meeting of the kind has been held. No expression of disapproval even, of such conduct by the great body of the citizens has yet reached this department; but on the contrary, it is believed that the lives of citizens who have reported these crimes to the Executive have been thereby endangered, and it is further believed that many of the citizens of the county are so terrified that they dare not complain, or attempt the arrest of criminals in their midst. The civil officers of the county are silent and powerless.

The laws must be maintained. These laws are over all. Every citizen, of whatsoever party or color, must be absolutely free to express his political opinions, and must be safe in his own house. These outrages and these violations of law must and SHALL cease. Criminals must and SHALL be brought to justice. The whole power of both governments, State and Federal, is pledged to this, and this power will be exerted. Criminals who may escape to counties adjoining Alamance will be pursued, and if not delivered up by the civil authorities of said counties, or if sheltered or protected in said counties, with the knowledge of the civil authorities, the said counties will also be declared to be in a state of insurrection.

I earnestly appeal to all good citizens to aid the civil authorities in maintaining peace and good order, and to support me in my purpose to protect life and property without regard to party or color.

Done at the city of Raleigh this 7th day of March, 1870, and in the 94th year of our independence.

W. W. HOLDEN,
Governor.

W. R. RICHARDSON, Private Secretary.

AN ACT TO SECURE THE BETTER PROTECTION OF LIFE AND PROPERTY.

SECTION 1. *The General Assembly of North Carolina do enact*, That the Governor is hereby authorized and empowered, whenever in his judgment the civil authorities in any County are unable to protect its citizens in the enjoyment of life and property, to declare such County to be in a state of insurrection, and to call into active service the Militia of the State to such an extent as may become necessary to suppress such insurrection; and in such case the Governor is further authorized to call upon the President for such assistance, if any, as in his judgment may be necessary to enforce the law.

SEC. 2. That upon motion of a Solicitor of a district, it shall be the duty of the Judge thereof to remove the trial of any person who has been or who hereafter may be indicted in any County in the State for murder, conspiracy, or violation of an act entitled "An act making the act of going masked, disguised or painted, a felony" ratified the twelfth day of April, Anno Domini, one thousand eight hundred and sixty-nine, from the County in which such offence may have been committed, to such other County in his district, or adjoining district, as the Solicitor may designate; and any Judge before whom such case is pending, may, upon his own motion, make such removal.

SEC. 3. That the expenses attending the calling of the Militia into actual service as herein provided, shall be paid by the Treasurer of the State, upon the warrant of the Governor, and it shall be the duty of the Commissioners of the County declared to be in a state of insurrection, and in which such service was rendered, to re-imburse within one year the Treasurer of the State the expenses thus paid: *Provided*, That whenever a person or persons shall be convicted of a violation of any offence mentioned in section second of this act, said expenses of the Militia shall be taxed in the bill of costs against the person or persons convicted, and when collected, the same shall be paid into the Treasury of such County.

SEC. 4. That the cost on conviction, under an indictment in section second of this act, shall be paid by the Commissioners of the county where the offence was committed, on the certificate of the Clerk of the Court where the trial may be had, and if necessary, said Commissioners shall levy a tax for that purpose on all subjects of taxation in said County, and execution in favor of said County shall issue against the property of the person convicted for the cost as aforesaid.

SEC. 5 That all laws and clauses of laws in conflict with this act are hereby repealed.

SEC. 6 That this act shall be in force from and after its ratification.

CITY AND STATE ITEMS.

WEDNESDAY, MARCH 16, 1870.

☞ JOHN. H. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c. &c.

See new advertisements to-day, notice particularly to morrow.

Mr. James Lewis will have some more of those nice white, shad, perch, spots and mullets, at his stand at Weathers' store this morning.

ST. JOHN'S CHURCH.—Father McNamara being called to address certain Societies in Portsmouth and Norfolk on occasion of St. Patrick's day which occurs on the 17th inst., there will be no Mass in St. John's Church until his return. The Church will however, be constantly open, that the people may have opportunity of continuing their devotions. Father McNamara earnestly exhorts his people to be punctual in observing the regular Lenten exercises of piety on Sundays, Wednesdays and Fridays.

ANOTHER EXHIBITION.—The ladies and others, (but we give most of the credit to the ladies, as they deserve it most) who got up the interesting charades, tableaux &c., at Tucker Hall last week, have been strongly importuned by various parties to repeat the entertainment at an early day, and we have been authorized to say the request will be complied with. The scenes, songs and charades that seemed to be best received before, with the addition of some new ones will be exhibited and every effort made to render the next entertainment at least as good as the last was. It will come off some day next week, and will be announced in due time.

HOME AGAIN.—Our old friend, Jordan Womble, who has been in business so long on Hargett street as to be looked upon as one of the fixtures, and his store as one of the land-marks of the locality, and who, as will be remembered, had his store and goods burnt out, last Fall, has had the old stand rebuilt, running it a story higher, and moved into it this week, with a small stock of goods that happened to escape the fire. He is about to leave for the Northern markets to lay in a full stock, and will soon be able to offer his customers the usual variety in his line.

The new store is somewhat improved in the matter of arrangement and convenience, as well as in precautions against depredations, over the old one, every foot of space being utilized from the cellar to the highest story.

While walking through the building yesterday, interviewing its various arrangements, we were shown by the proprietor his patent one horse plow, which he calls "king of the South," and which seems to possess advantages in strength, durability and lightness, as well as in cheapness of price, well worthy the attention of our farmers who have to purchase supplies in that line.

WAKE UP, WILMINGTON, NEWBERN IS AHEAD OF YOU.—They have a live spirit rapper in Newbern, and we suppose that that city will soon be established as a regular telegraph station for the reception of communications from the other world.—Wilmington, Salisbury and Charlotte must "stir their stumps," if they expect to maintain an advanced position in the march of improvement alongside of Newbern. Raleigh feels no anxiety on the subject, because we have the State managery here.

The Slime of the River Nile—Is not more filthy and mal-odorous than the thick sediment of the hair coloring preparations sold in darkened bottles. Per contra, PHALON'S VITALIA, OR SALVATION FOR THE HAIR, the only article that will renew the natural color of gray hair, has no sediment, and is perfectly transparent. Sold by all druggists and fancy goods dealers.

Sinking Slowly.

Diseases that progress rapidly to a crisis are not the only ones to be dreaded. Canker or dry rot does not blast a tree as suddenly as a stroke of lightning, but unless arrested, it destroys it as certainly; and in like manner chronic debility, although it does not kill with the swiftness of yellow fever, is as sure to sap the springs of life eventually as any acute disease, if not checked by invigorating medication. There is something inexpressibly touching in the spectacle of premature decay. Languor, pallor, emaciation, depression of spirits, and a distaste for exertion, are its ordinary symptoms, and they should be promptly met by tonic treatment. The best invigorant and exhilarant that can be administered in a case of this kind is Hostetter's Stomach Bitters. The stimulating principle of the preparation rouses the dormant energies of the system, and the strengthening and regulating properties give a permanent and healthful impulse to the vital forces thus brought into play. The failing appetite is re-awakened, the process of digestion and assimilation are quickened, the quality of the blood is improved, the secretions become more natural, and every organ that contributes to the nourishment of the body undergoes salutary change. By these means the repair of the physical structure is effected and its health and vigor restored. In no class of diseases has the beneficent operation of the Bitters been more marked and striking than in those characterized by general debility and nervous prostration. Ladies affected with these ailments find in this most wholesome of all tonics and correctives the safest and surest means of relief. It is strong to restore and powerless to injure. Such is the uniform testimony of "clouds of witnesses."

JUST IN TIME.—Such is the title of a business circular, issued in the form of a news sheet, by G. S. Baldwin, Clothier, corner of Canal and Broadway, New York, from which we gather that he has prepared himself fully for the Spring trade, so far as an extensive and varied stock of fashionable goods is concerned, set off and backed up by, what all his old customers in the South know to be, a most accommodating disposition and unimpeachable business integrity. A North Carolinian going into Baldwin's establishment in New York, will feel something like calling on a familiar acquaintance at home, and no man, although in the city for the first time and as green as a gourd, can be with Baldwin two minutes without feeling at ease. Persons on business in New York would do well to call on him—corner of Broadway and Canal street, remember.

ERUDITE.—A correspondent of the Wilmington *Journal* furnishes that paper a copy of an advertisement, by one of Gov. Holden's Squires for Robeson county, which we copy, not so much for the purpose of "poking fun" at "Squire" Baker, as to show what sort of men the people have to depend on for a dispensation of law between man and man, and between men and the State, for we confidently assert that the following sample is a fair specimen of the literary abilities of those who have been placed in these important positions throughout the State, with some few exceptions. We know this is a sweeping assertion, but every reader who will call up in his mind, who the occupants of the magisterial offices are within the range of his own knowledge, will acknowledge that the assertion is true.

Squire Baker, it seems, having opened a shop for the dispensation of justice, wants it known and takes the following method to accomplish his object:

NOTICE.

ED. BAKER, ESQ.

For the Sentinel.

GRAHAM, ALAMANCE CO.,
March 10th, 1870.

Editor of the Sentinel:

DEAR SIR—I have just read the proclamation of His Excellency, Governor Holden, declaring this county in a state of insurrection.

I think whoever informed His Excellency of the facts, on which he based his proclamation, must have drawn heavily on their imaginations. That there has been some acts of lawlessness and violence committed in the county, is true, but no charges have been made against any one, if so they have been promptly arrested and held for trial. Not one single instance of resistance to any lawful officer in this county, has ever come to my knowledge, and I believe that all processes of law are as promptly executed in this county, as in any county in the State.

These was a colored man hung in the town of Graham, about the time alluded to in the proclamation, and which I think, all the good citizens of the county, very much regret, but no charges, or even suspicion, so far as I can learn, attaches to any one, hence no arrests for this particular crime have as yet been made. Other crimes of less magnitude have been committed, some of the parties suffering, have preferred charges, and the parties against whom the charges were preferred have been arrested without any show of resistance; others that have suffered have preferred no charges, and no arrests have been made.

As for the Post Master at Company Shops, (Mr. Boon,) having to flee the county for his life, I think this is more of Mr. Boon's imagination than reality, and as for the body of armed and disguised men coming to his house in his absence to take his life, I learn that Mr. Boon's son says that he stayed at his father's house on both of the nights his father was absent, and that no body of armed and disguised men or any other kind came to his father's house on either night, and I have been unable to find a man that saw any body of men of any kind at the Shops about the time alluded to. The Railroad Company keeps watchmen on the yard and around the Shops all night, and Mr. Boon lives very near the Shops and ticket office. None of the watchmen saw any body of men about the Shops so far as I can learn. So I think some one must have imposed upon the Governor with this tale about Mr. Boon.

There are now confined in our jail five colored men, who have been arrested for committing acts of violence being in disguises, and one of them has since confessed that they did go in the night time, in disguise, and whip three colored men, this occurred on the very night, (I believe,) in which the colored man was hung in Graham. Whether these outrages are committed by white or colored citizens, or both, I cannot say. I have no apologies to make for either white or colored, that commit these unlawful acts, and sincerely hope there will be no more of them in my county.

There was a meeting of the citizens called, the call being signed by a good number of citizens of the county of the different political parties, to denounce these unlawful acts and to prevent, if possible, the calling out troops for our county, (especially militia,) but before the day appointed for the meeting, some of the citizens who signed the call for the meeting, went in hot haste to the Governor, and no doubt by telling highly colored tales about the situation of affairs in our county, had troops sent up several days before the day appointed for the meeting, and although a good number of citizens assembled at the Court House, on the day appointed for the meeting, the general conclusion was, that the object of the meeting had been superceded in a great measure by the presence of the troops, and although the citizens generally, have no objections to as many Federal troops as may be sent, and though they may be some protection, (if any were needed,) to citizens of Graham and the Shops, I can't see the good they will do citizens of other sections of the county should violence be attempted by unknown parties, which I hope their sober sense will show them the propriety of conforming strictly to the law, and cease committing acts of lawlessness and violence before the county be brought to ruin and disgrace.

Very respectfully,
A. MURRAY,
Sheriff of Alamance Co.

Notice! Notice! Notice! Notice!

HAVING seen by the *Standard* and SENTINEL of 5th, that the Yarborough House is advertised as the only first class Hotel, we wish to call the attention of the travelling public to two or three facts:

It is well known that the National Hotel is new and was furnished by J. M. Blair, (who gave us this notice extraordinary of the Yarborough House,) regardless of expense, only this past Fall, but it was done when he expected to be the Proprietor and retain this as he expressed it, for his first class boarders, and send his *second class* to the Yarborough. The trouble was he had to go there himself.

To do justice to the owners of this property, my customers and myself, I will say that let the public simply give the house a trial, and they will say no neater, cleaner, better kept house can be found in the South or North.

A. J. RUTJES,
mar 15 2w Proprietor Nat Hotel.

TELEGRAPHIC.

Monday Night Dispatches.

WASHINGTON.

WASHINGTON, March 14.—Revenue to-day three quarters of a million.

A resolution of censure was adopted against Butler of Tennessee for cadetship irregularities.

Quesada was before the Committee of Foreign Affairs to-day on subjects relating to Cuba.

No vote was taken on Banks' resolution.

Gov. Holden, of North Carolina, asks for troops for Alamance county, which he proclaims in a state of insurrection. Abbott and Pool supported the application.

The Naval appropriation bill gives Pensacola $5,000 and Norfolk $11,000.

The Supreme Court continued the cotton tax cases to next term for further argument. The cases of Saunders and Farrington and one other case, involving the constitutionality of the cotton tax were continued and assigned for argument the second day of next term.

The following was received to-day by two Senators:

"SAVANNAH, GA., March 13, 1870.—The passage of Bingham's amendment in the House has set the worst elements in society wild, and now the cry of "d—d Republican," after a man is as terrible as ever "d—d abolitionists" was before the war. Neither Mr Conant or myself have ever had anything to do with the politics of Georgia, nor do we desire to have; we are here engaged in a great enterprise, spending millions of Northern money in building Railroads in Georgia, but this seems to be no protection to us. Any man disposed to get rid of us has only to charge us with political purposes or aspirations, to rob us of all sympathy, protection or support from the community or the authorities. I earnestly invoke your influence with Gov. Bullock and with Congress, to see us and others like situated protected.

(Signed,) WM. L. AVERY."

In the Senate Sumner introduced a bill to strengthen the legal reserves of National Banks, and for the resumption of specie payments on the first of January, 1871.

The Georgia bill was resumed. Morton offered an amendment repealing the law forbidding the organization of the militia in that State.—The general bill was discussed by Trumbull to the Executive session.

In the House, under the regular call, a bill to construct the Cape Girardeau and Mesecour Railroad; a bill to abolish female clerkships in the Departments, and a resolution looking to the material reduction of the tariff, (which received only 27 votes.)

A resolution giving Mrs. Stanton a year's salary passed. The House resumed the deficiency appropriation bills.

WYOMING.

LARAMIE CITY, March 14.—In the murder case the jury returned a verdict of manslaughter in the first degree. The lady jurors were much fatigued.

MARKETS.

NEW YORK, March 14.—Gold closed at 12. The western markets generally firm. At Cincinnati shoulders quoted at 11, sides at 15, kettle lard 14.

Tuesday Evening Dispatches.

WASHINGTON.

WASHINGTON, March 15.—The iron clad oath was exacted from Strong as a preliminary to seating.

The Georgia question will probably occupy the week.

The Committee on Foreign Relations have agreed to recommend the rejection of the San Domingo treaty by a vote of 5 against 2.

HOUSE.—The House took the funding bill from the table and the contest is now progressing as to its proper reference.

SENATE.—The Senate passed the House resolution giving Stanton's widow one year's salary.

A resolution was offered directing an enquiry whether the 15th amendment conferred suffrage on Indians. Thurman objected, saying that the ratification had not yet been proclaimed.

NEW YORK.

NEW YORK, March 15.—Three millions of silver specie are coming from Canada for New York Banks.

The Georgia Mutual

IS A HOME COMPANY.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, note the following points:

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3rd. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. It is a Mutual insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of Interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, thus reducing the premiums to their lowest actual cost.

7th. Under the Charter of this Company, Policies of insurance are not subject to the debts of the Insured. Policies in favor of a wife or children are payable to them or their guardians direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. Good Canvassing and Local Agents wanted in every county in the State of North Carolina, for particulars apply to the home office or

CAPITAL STOCK, (PAID UP,) $150,000.00!

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, James H. Lucas, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.
